### INTRODUCING COX YEATS' INSOLVENCY TEAM

---

Cox Yeats are pleased to announce the formation of our specialised Insolvency Team.

As a firm, our commitment to our clients is to offer personalised, practical and effective legal solutions for every situation. With this philosophy in mind, the formation of a specialised Insolvency Team was a natural progression.

Together, Thys Scheepers and Callyn Wilkinson have over 20 years of experience in the field of Insolvency, Business Rescue and Debt Recovery. Thys obtained his LL.B. from the North-West University in Potchefstroom in 1999 and Callyn graduated with her LLB at the University of KwaZulu-Natal in 2005. They form a personal and dynamic team with an innovative approach to addressing clients' needs, using winning ways and effective solutions.

They are at the forefront of new developments and trends affecting insolvency law. They work together with the other experienced partners at Cox Yeats to complement the firm's offerings in various fields, including construction, property, labour and commercial law, in order to give clients holistic support. This full-service offering means we are able to structure appropriate and cost-effective solutions.
